The Lost Reindeer

I can not remember a time when I was as cold as this. I am cold I have no parents and no money and it's christmas time. Every year I ask for a pet dog but I never get it. So this christmas I sent a letter to ask if needed any help. a letter came back and Santa said yes! So every night I would watch to see if Santa came, but he didn't. But one night he came. I climbed out of my window, I climbed into the sparkly sleigh and Santa said "the naughty elf stole my reindeer! So we flew to the North Pole. I was so cold it felt like I was covered in ice and snow, but I saw the Northen Lights. They were beautiful. we looked for the reindeer high and low over moutains until we found the naughty elf. We got out of the sleigh and Santa quickly started to chat to distract him. I quickly went to his house, got the reindeer, got in to the sleigh Santa got in and we flew away and I got my pet dog.
